

# HD CONTROL CENTER

RP-HUB1

### HIGH DEFINITION WIRELESS AUDIO

Award winning Reference Premiere HD Wireless speakers and HD Control Center are a combination of the acclaimed Reference Premiere acoustics platform with lossless wireless audio transmission. Through the use of state of the art WiSA technology, not a single detail is lost from the source to the speaker.

### SIMPLE SET UP

Be immersed in high definition sound in a matter of minutes. With Klipsch's proprietary Smart Speaker Selector, one button on the rear of each speaker seamlessly makes the connection to the HD Control Center without the need for speaker wire or a complicated A/V receiver.

### SYSTEM EXPANDABILITY

Start your system with as few as two speakers and expand over time up to a 7.2 surround-sound powerhouse.

### FUTURE PROOF

Once you register your HD Wireless system, we will send you free firmware upgrades so you can stay current with the latest Klipsch technologies while expanding your system over time. Reference Premiere HD Wireless will grow with you, providing a lifetime of wireless high definition sound.

### BLUETOOTH® WIRELESS STREAMING

Allows you to stream content from most mobile phones, audio devices and computers.

### ERGONOMIC REMOTE CONTROL

The included remote allows you to easily change inputs, adjust volume, and modify listening preferences such as virtual surround, voice enhance and night time modes.

### CUSTOM INSTALL FEATURES

Includes discrete codes for universal remote control programming.

### DOLBY® DIGITAL AND DTS® DECODING

Supports multi-channel decoding for a truly immersive home theater experience.
