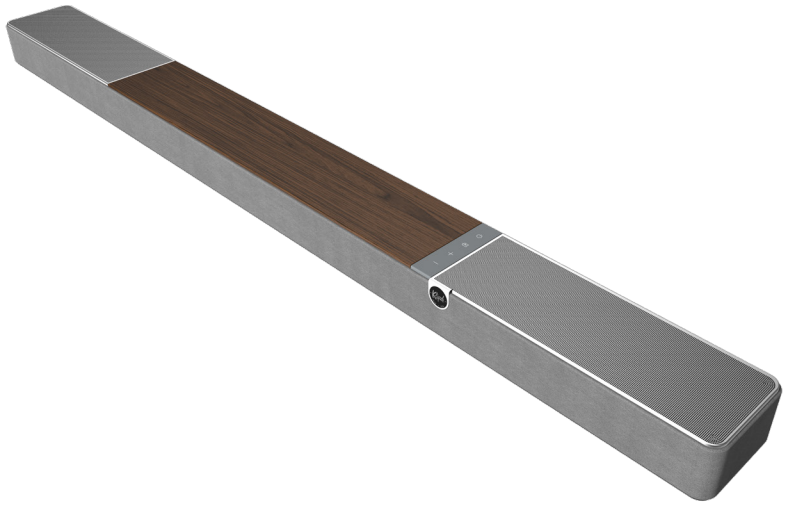
FLEXUS CORE 300

5.1.2 DOLBY ATMOS SOUND BAR WITH
ELEVATION AND SIDE-FIRING SPEAKERS



WORLD'S FIRST SOUND BAR WITH DIRAC ROOM CORRECTION

The Klipsch Flexus Core 300 powered by Onkyo is the first-ever sound bar with Dirac Live auto-room correction to create the perfect sound landscape for your space by correcting anomalies in the room to create the best possible acoustic experience. After a quick scan of your room using the Klipsch Connect Plus app, the Core 300 is ready to deliver lifelike audio unlike any other sound bar.

KLIPSCH LEGENDARY AMERICAN SOUND

Klipsch has been making premium loudspeakers for the better part of a century. We pack decades of acoustic know-how into every product. The Klipsch Flexus Sound System is a partnership of our iconic American audio muscle with the technical precision of Japanese engineering from Onkyo. This strategic partnership fortifies our commitment to delivering unparalleled sound experiences.

POWERED BY ONKYO JAPANESE PRECISION TECHNOLOGY

We've teamed up with Onkyo, combining their decades of proven manufacturing and tech prowess with our classic Klipsch acoustics, to ensure your home entertainment system is as epic in audio quality as it is in reliability. This collaboration with Onkyo infuses hundreds of years of expertise, innovation and extensive testing protocols. The integration of Onkyo technology into the Flexus Sound System represents a deliberate stride toward perfecting every aspect of sound reproduction within our sound bars.

DOLBY ATMOS ADVANCED SOUND EXPERIENCE

The Flexus Core 300 was built for processing the newest movies, shows and games featuring Dolby Atmos technology in two 2.25" built-in elevation speakers and two (2.5") side-firing speakers. Dolby's immersive audio formatting enhances your experience by placing sounds precisely around and above you, creating a realistic, multidimensional audio environment.

KLIPSCH CONNECT PLUS APP TO CUSTOMIZE YOUR SYSTEM

Streamline setup and control of Klipsch products with this user-friendly mobile app featuring controls for custom audio settings, managing multiple devices, and accessing firmware updates.

NETWORK MUSIC STREAMING

The Flexus Core 300 allows you to stream all your favorite music in high-resolution (via network connection) for the most impactful and immersive experience through apps such as Airplay, Google Cast, Spotify, Tidal Connect, Qplay, and Bluetooth.

DTS:X DECODING ONBOARD

The Core 300 provides advanced DTS:X decoding, which allows the soundbar to decode all major audio formats via HDMI input for seamless playback of DTS:X-encoded movies and music.
